

Solving problems in all environments

Focused on maximizing operational efficiency to drive better economic returns for our customers, Allied-Horizontal's Slickline Services provide safe, reliable and low cost solutions to assist in the optimization of your well production. But we believe we must be more than a slickline services provider, we must be problem solvers. Our well-trained teams have years of experience in a wide range of applications and in the most extreme of environments. This experience coupled with new, certified lifting and pressure controlled tools and equipment allows us the ability to provide the *Right People, Process, Technology and Equipment for the job.*

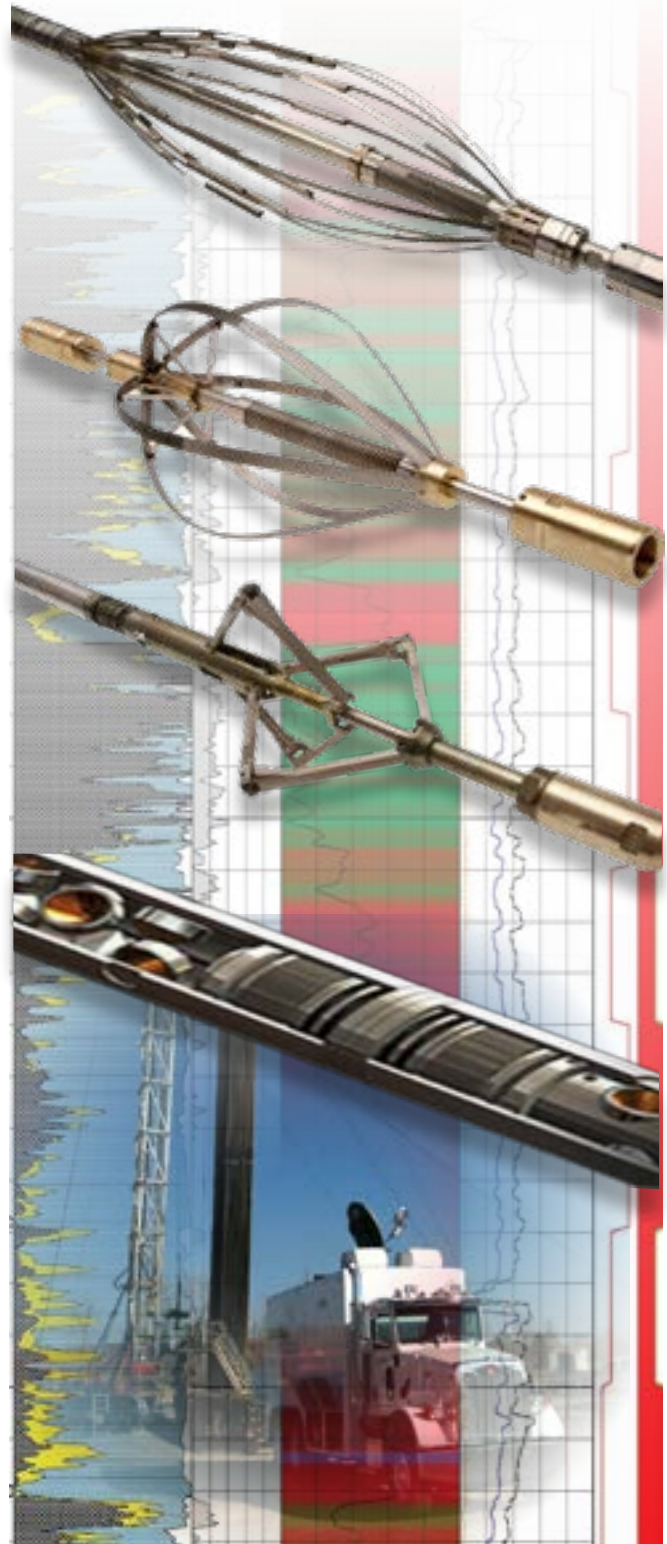

Utilizing slickline capabilities that range from basic completion intervention applications to advanced services, our team will supply the appropriated combination of services to provide the most efficient solution to meet your needs or requests. Alongside our slickline services we also provide Braided Line services such as swabbing and heavy duty fishing, specialized for any application.

Basic Slickline Services:

- Tagging
- Drifting
- Bailing
- Setting and retrieving of packers and plugs
- Setting and retrieving of sub surface safety valves
- Paraffin removal
- Nipple and end tubing location
- Opening/Closing SSD
- Gaslift Services

Advanced Slickline Services

- Broaching & Swaging
- Casing repair
- Perforating (mechanical and ballistic)
- Bottom hole survey
- Fishing & Pipe Recovery
- Flow surveys
- Memory logging comparable to eline

Commitment to Value

Our objective is to provide the safest and most efficient wireline services in the industry. This is more than a simple statement, it is the foundation of our business. We aspire to achieve this objective everyday through a rigid focus on providing only the best: People, Process, Equipment and Technology. This methodology has allowed us to rise above the competition in each of these key categories. Driven by our dedication to service quality and efficiency, Allied-Horizontal Wireline Services has become the leading independent wireline service provider in the country.
